1 Definition of Bidder

“Bidder” means the person or entity (or, in the case of a joint venture, the persons or entities) submitting a bid to perform a contract for goods, services or both. It does not include the parent, subsidiaries or other affiliates of the Bidder, or its subcontractors.

2 Submission of Bids

2.1 Nasittuq requires that each bid, at closing date and time or upon request from the Contracting Authority, be signed by the Bidder or by an authorized representative of the Bidder and binds the Bidder to the statements made in its bid. If a bid is submitted by a joint venture, it must provide the following information:

- a. The name of each member of the joint venture;
- b. The name of the representative of the joint venture, i.e. the member chosen by the other members to act on their behalf, if applicable; and
- c. The name of the joint venture, if applicable.

If the information is not clearly provided in the bid, the Bidder must provide the information on request from the Contracting Authority.

The bid and any resulting contract must be signed by all the members of the joint venture unless one member has been appointed to act on behalf of all members of the joint venture. The Contracting Authority may, at any time, require each member of the joint venture to confirm that the representative has been appointed with full authority to act as its representative for the purposes of the bid solicitation and any resulting contract. If a contract is awarded to a joint venture, all members of the joint venture will be jointly and severally or solidarily liable for the performance of any resulting contract.

It is the Bidder’s responsibility to:

- d. Obtain clarification of the requirements contained in the bid solicitation, if necessary, before submitting a bid;
- e. Prepare its bid in accordance with the instructions contained in the bid solicitation;
- f. Submit by closing date and time a complete bid;
- g. Send its bid only to Nasittuq as specified in the bid solicitation;
- h. Ensure that the Bidder’s name, return address, the bid solicitation number, and bid solicitation closing date and time are clearly visible on the email submission or the envelope or parcel(s) containing the bid; and
- i. Provide a comprehensible and sufficiently detailed bid, including all requested pricing details that will permit a complete evaluation in accordance with the criteria set out in the bid solicitation.

2.2 Bids will remain open for acceptance for a period of not less than one hundred and twenty (120) calendar days from the closing date of the bid solicitation, unless specified otherwise in the bid solicitation. The bid is binding and irrevocable within the bid validity period and if the bid is selected, the Bidder will enter into a contract with Nasittuq. Nasittuq reserves the right to seek an extension of the bid validity period from all responsive Bidders in writing. If the extension is

accepted by all responsive Bidders, Nasittuq will continue with the evaluation of the bids. If the extension is not accepted by all responsive Bidders, Nasittuq will, at its sole discretion, either continue with the evaluation of the bids of those who have accepted the extension or cancel the solicitation.

- 2.3 Bid documents and supporting information must be in the English language and should use the Metric (S.I.) system of measurement.
- 2.4 Bids received on or before the stipulated bid solicitation closing date and time will become the property of Nasittuq and will not be returned. - 2.5 Unless specified otherwise in the bid solicitation, Nasittuq will evaluate only the documentation provide with a Bidder's bid. Nasittuq will not evaluate information such as references to Website addresses where additional information can be found, or technical manuals or brochures not submitted with the bid. The Bidder will not be allowed to change the wording or content of its bid after closing and no words will be added to the bid, including changing the intent or content of the presentation of the bid, unless requested by Nasittuq.
- 2.6 A bid cannot be assigned or transferred in whole or in part.

3 Late Bids

Nasittuq will return or delete bids delivered after the stipulated solicitation closing date and time. For late bids submitted, the physical bid will be returned and for bids submitted electronically, the late bids will be deleted. Records will be kept documenting the transaction history of all late bids submitted.

4 Legal Capacity

If the Bidder is a sole proprietorship, a partnership or a corporate body, the Bidder must provide, if requested by the Contracting Authority, a statement and any requested supporting documentation indicating the laws under which it is registered or incorporated together with the registered or corporate name and place of business. This also applies to bidders submitting a bid as a joint venture.

10 Conflict of Interest

- 10.1 In order to protect the integrity of the procurement process, bidders are advised that Nasittuq may reject a bid in the following circumstances:
- a. if the Bidder, any of its subcontractors, any of their respective employees or former employees was involved in any manner in the preparation of the bid solicitation or in any situation of conflict of interest or appearance of conflict of interest;
 - b. if the Bidder, any of its subcontractors, any of their respective employees or former employees had access to information related to the bid solicitation that was not available to other bidders and that would, in Canada's opinion, give or appear to give the Bidder an unfair advantage.
- 10.2 The experience acquired by a bidder who is providing or has provided the goods and services described in the bid solicitation (or similar goods or services) will not, in itself, be considered by Canada as conferring an unfair advantage or creating a conflict of interest. This bidder remains however subject to the criteria established above.
- 10.3 Where Nasittuq intends to reject a bid under this section, the Contracting Authority will inform the Bidder and provide the Bidder an opportunity to make representations before making a final decision. Bidders who are in doubt about a particular situation should contact the

Contracting Authority before bid closing. By submitting a bid, the Bidder represents that it does not consider itself to be in conflict of interest nor to have an unfair advantage. The Bidder acknowledges that it is within Nasittuq's sole discretion to determine whether a conflict of interest, unfair advantage or an appearance of conflict of interest or unfair advantage exists.

11 Entire Requirement

The bid solicitation documents contain all the requirements relating to the bid solicitation. Any other information or documentation provided to or obtained by a Bidder from any source are not relevant. Bidders should not assume that practices used under previous contracts will continue, unless they are described in the bid solicitation. Bidders should also not assume that their existing capabilities meet the requirements of the bid solicitation simply because they have met previous requirements.

12 Bidders Understanding of the Documentation

Each Bidder must satisfy itself as to the practicability of completing all portions of the Work successfully within the stipulated times. This should be accomplished by the Bidder's own study of the Technical Specifications and other documents provided to Bidders. No Bidder will claim at any time after submission of its bid that there was any misunderstanding with respect to the conditions imposed by the terms of either the RFP or the resultant Contract Documents.

13 Code of Conduct for Procurement

The [Code of Conduct for Procurement](#) provides that Bidders must respond to Requests for Proposals in an honest, fair and comprehensive manner, accurately reflect their capacity to satisfy the requirements set out in the RFP and resulting contract, submit offers and enter into contracts only if they will fulfill all obligations of the Contract. By submitting a proposal, the Bidder is certifying that it is complying with the Code of Conduct for Procurement. Failure to comply with the Code of Conduct for Procurement, may render the offer non-responsive.
